#### **Finance**

Stuart reported that there had been nothing in or out of the account since Christmas until just recently

He has banked the £200 received from the Chapel

From the £100 given by the Parish Council cheques have been given to Margaret Shaw – a cheque for £41.50 earlier in the year and £14.50 more recently. This money is for plants and compost for the village planters.

Chris Noble has been paid £38.93 for our web-site and the Village Hall £20 for rent for the Archives storage.

We now have a balance of £1062.71

#### **Severn Valley Country Park**

Pam mentioned the project being undertaken by the SVCP and that the Society has offered its help. We are waiting for them to ask us for whatever they need. We are also waiting for them to appoint an historian to record folk's memories professionally. There are several volunteers for this.

#### **Photographs**

Bill had taken Jean Link's box of photos and has digitised most of them. He has put the box into our archives in the Village Hall. We are waiting for Jean's permission to publish them. I am working on her!
